**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/2/2010 has been entered.

***Allowable Subject Matter***

**Claims 1-4, 7, 9-15, and 18-24** are allowed.

The following is an examiner's statement of reasons for allowance: Consider the independent claims none of the prior arts of record found during examination disclose (c) estimating, at the transmitter, multimedia data received by the receiver using the received transmission error information and the transmitted multimedia data, (d) measuring, at the transmitter, a transmission quality of the multimedia data received by the receiver by comparing the estimated received multimedia data with the reference multimedia data and (e) performing at least one of the operations of terminating video transmission, increasing the channel bandwidth, and switching from one CODEC to another depending on evaluation results of transmission quality.

Therefore, in light of the prior arts of record and applicant's arguments of record, the claimed invention is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
